

WASECA COVID-19 RLF Loan Application

OVERVIEW

The Waseca Economic Development Authority is making available emergency loans to help small businesses successfully get through the financial impacts caused by the response to the spread of the COVID 19 virus. The EDA's resources are limited. The funds provided are to help bridge the financial gaps that must be covered while waiting for assistance to arrive from State of Minnesota and Federal Government programs.

The money for this loan came from taxpayers, many of whom may not being able to work because of restrictions put in place due to COVID 19. You are asked to request what you need for your business to survive. Expectations are that you will also work with your lenders, creditors, landlord, and suppliers as well as making personal sacrifices too sustain your business.

Parameters for the loan are as follows:

- Loan amounts of up to \$10,000 will be considered.
- Businesses need to have been open for business prior to March 15 but may be shut down at the moment
- Loans will be at zero percent interest for at least the first six months
- Loans will be deferred for the first six months with no payments
- 50% of the loan will be forgiven if the business is still operating at six months.
- Businesses with 15 or fewer **full time equivalents** will qualify for the program.
- We will require a short narrative on how this assistance fits into the business's plan to operate over the next six months
- Applicant must be applying for other state and federal money but do not need to have any in hand yet.
- Provide a description of other steps you are taking to counter the financial strain such as loan modifications, lines of credit being used, rent concessions, and reductions of ongoing personal expenses during the recovery period.
